Deputy Safety Manager

Summary

The Deputy Safety Manager of Trinity Infrastructure, LLC is charged with the responsibility of managing the field aspects of the Safety program on the LBJ Express Managed lanes construction project. The Deputy Safety Manager will report to the Safety Manager and will supervise the day-to-day activities of field safety personnel to monitor subcontractor practices.

Requirements

- Bachelor's degree in safety engineering and 5+ years of experience in a construction company with occupational safety responsibilities required **or** 10 plus years' experience
- Highest level of knowledge of OSHA requirements, standards, and best practices
- Safety Certifications: 500 OSHA Standards for Construction, OSHA 40, Red Cross Safety Classes and other Safety certifications
- Computer literate and the use of Microsoft programs: Excel, Word, Outlook and the internet.
- Strong persuasive skills in dealing with top management, managers and supervisors
- Ability to organize safety and occupational health material into lesson plans and present the material to management, managers and employees effectively
- Must be able to prioritize work requirements, handle pressures of deadlines, coupled with frequent interruptions and a variety of situations requiring attention that necessitate considerable alertness and stamina
- Prepare and maintain confidential, technical, and statistical records and reports
- Read, interpret, and apply pertinent rules, regulations, standards, and procedures
- Deal with personnel matters in a confidential, objective and professional manner
- Obtain information through questioning; work with interruption; effectively handle multiple assignments; and deal firmly and courteously with the public
- Analyze situations quickly and objectively and determine proper course of action
- Communicate clearly and concisely, both orally and in writing

How to Apply

- Applicants may apply via the LBJ Express website
- Send resume and cover letter to jobs@ferrovial.us.com
